Chilton's Food Engineering ANNUAL EDITORIAL INDEX

January to December, 1976 — Volume 48

© 1977, Chilton Company, Radnor, PA 19089

A

Activators (bin) Dec. 106
Aerators tackle potato waste May 144
Aerosol can sales slump, but food use holding March 27
African Nations set sights as major processed food exporters June 43
Agglomerates additives into breakfast food Oct. 110
Albrecht, James J. (EF spotlight) June EF 4
America line by Stouffer's May 37
Analyzers
Anti-foam agents Oct. 48
Antioxidant detection Dec. 40
Butterfat testing in milk Oct. 102
Caffeine at 40 samples/hr June 116
Gives chemical, physical and quality data June 115
Detects insects hidden in foods...(Street & Bruce) Feb. 94
Milk at 260 samples/hr June 80
N-Nitroso compounds ... (Fergusson) Jan. 88
Apron, liquid proof Nov. 160
Aseptic Processing & Packaging
Packaging: has it finally arrived ... (Slater) Oct. 55
Pioneer, what it takes Oct. 56
Processing system Nov. 87
Sampling kit Nov. 88
Atomizing System controls dust Nov. 159

B

Bags
Packaging line designed for twin-pack canisters Apr. 125
Bagging system Dec. 100
Inflatable bags prevent transit damage Apr. 148
Large capacity bagger Nov. 137
Batch processor Nov. 83
Battery charging shops Apr. 105
Bearing, non-metallic July 91
Beef
Automation Keys Great Beef Dis-assembly Plant ... (Slater) July 47*
Beef grill steaks introduced Apr. 51
Beer ... Flavored — Will It Succeed in U.S. ... (Peill) May 70
Bins
Bin blaster June 122
Bulk bins have rimlift May 79
Vibrating bin July 102
Wire storage bins Feb. 117
Blancher
Blancher-cooler saves water, heat ... (Bomben) July 55*
Blancher cuts fuel costs May 111
Blender
Dry-to-liquid blender Nov. 83
Metering system blends liquids June 93
Blow Molder has short dry cycling time Apr. 123
Boiler saves mid-season downtime Apr. 140
Bottles
Polycarbonate bottles Nov. 88
Bottle saver Nov. 84
Lexan bottles Nov. 83
Bran, High fiber ... from Kelloggs Nov. 37
Bread
Low-calorie bread June 35
Breads up to 4000 lb per hr May 116
British choose color before taste March 58
Bundler, shrink Dec. 97
Burner, oil, water, slashes fuel costs May 99
But-R-Cups (Land O'Lakes But-R-Cups) Jan. 30
Butz Out; Knebel Acting USDA Head Nov. 28

C

Cake mix has "everything" July 38
Campbell launches Hungry-man entrees June 37
Cans
Ban lead solder from cans? FDA Director says 'Maybe' May 24
Aluminum cans being tested Apr. 29
Lead reduction in cans will cost $33 million June 26
Machine opens and empties all cans May 99
Plastic can combines strength with visibility June 25
Tester spots defects in seamless cans Oct. 117
Soft can proves popular coffee container July 27
Is Three-piece can surviving two-piece onslaught ... (Stockman) May 26
Steel ends offer savings to beverage canners Oct. 50
Canners tie industry's performance to federal intrusions March 18
Caps
Capper can be used on any line June 105
Dairy caps made in-plant Nov. 84
Plastic caps Nov. 86
Carbon poses big savings for food users ... (Slater) June 40
Cartons
Cereal Cartoning May 93
Gabled top carton June 26
Paperboard cartons Nov. 87
Cartoner & filler designed for sugar May 126
Cartoner opens, closes and seals Oct. 117
Cases
Case handler March 83
Case Packer Apr. 118
Case packer is portable Apr. 125
Plastic case May 138
Wrap-around caser Feb. 111
Wrap-around casing system Nov. 135
Cellophanes: New life for an old standby ... (Sacharow) Feb. 76
Cellulose acetate: a durable pioneer ... (Sacharow) March 80
Centrifuge
25-year old centrifuge operates Nov. 100
De-sludging centrifuges May 114
Nozzle-bowl centrifuge Feb. 99
Cereal Industry ... (LaMothe) Sept. 32
Checkweigher
Automatic checkweigher Dec. 100
Dual-line checkweigher Dec. 98
New generation checkweigher Oct. 83
Small-package checkweigher Dec. 100
Waterproof checkweigher Dec. 97
Cheese
Cheese extenders June 32
Cheese flavors (natural) March 44
Cheese flavors (new) March 41
Cream cheese imitation May 31
Frozen cultures can be added to milk Dec. 39
Starter medium cultures for cheese June 31
Cheese vat increases production Nov. 104
Cheesecake offered June 35
Chicle gum with liquid center Feb. 51
Chiller (liquids) July 69
Chlorine dioxide Apr. 92
Clausi, Al (EF Spotlight) March EF 6
CIP
CIP in Cannery Nov. 154
CIP Controller Nov. 84
CIP System Feb. 99
CIP Techniques June 20
CIP, 2-tank Apr. 91
Cleaning
Heavy-Duty Pressure Cleaner Apr. 91
Satellite cleaning stations Apr. 91
Cleaning system May 136

*With Flow Diagram

Cleaning system (central) Apr. 92
High pressure cleaning unit Apr. 91
Closures
Package closer Dec. 97
Closure for pouches May 129
Closure problems Feb. 112
Closure System ... USDA Law Jan. 38
Coatings
Chocolate coater Oct. 104
Coating for Iced candies, baked goods May 31
Cocoa Prices Dec. 30
Coders
Coder/Dater Nov. 88
Coder prints low on cartons July 78
Coder utilizes cold impact foil June 105
Codes packages via laser beam Jan. 42
Imprinter June 100
Marking system eliminates breaking May 126
Coffee
CFS Continental offers freeze-dried coffee Apr. 52
Completely new coffee from Nestle Nov. 37
India's coffee output is looking up March 56
The package ... makes the product (coffee bags) Oct. 64
Coffee Liqueur Flavor Nov. 47
Colors
Certified colorants May 31
Red Color
Alternatives May 29
FDA to rule on Red 2 Jan. 19
Natural Red Colors Dec. 40
Red No. 2 .. (Crocco) March 64
Science the loser in red 2 ban ... (Crocco) March 17
Substitute sought for Red 4, Carbon black Nov. 24
Compaction aid curbs grip March 48
Compartment dinners from Campbell Nov. 37
Compressors
Air compressors help reduce cleanup time March 83
Cold System reduced BHP & Condensing requirements July 73*
Compressor runs at low noise level June 77
Compressor Heat July 69
High-capacity compressor July 69
Screw-type compressor Nov. 114
Computers
Computer aids world's vegetable growing research May 102
Belt tare computer available for feeders Nov. 112
Computer controls weigh feeders June 116
Easy-to-implement computer Nov. 88
Greenhouse climate monitored by computer June 46
Computer helps boost company sales May 151
Concentrator removes water from high fructose syrup June 96
Confections
Shapely frozen confections Nov. 87
Sugarless confections Oct. 43
Containers
Beverage containers from polyester resin Nov. 49
Cottage Cheese Containers Nov. 84
Multi-layer containers now under development Nov. 50
Plastic Containers Feb. 117
Controls-Controllers
Controllers solve Gerber's Air Conveying problem Nov. 131
Controller designed for multiple-task applications Apr. 142
Food Plant control, Taylor Mod-III ... (Slater) May 42
Temp. controllers Oct. 130
Thumbwheel controller modules Nov. 83
Controller for process flow Nov. 124
Controls batch & blending May 79
Controls batch processes Oct. 128
Batching control for multi-ingredients Oct. 102
Controls beverage brix June 115
Controls grain product moisture Apr. 144
Indicators for pressure lines June 86
Instrumentation expands Control capability Nov. 122
Control system will batch, blend or dispense May 152
Control systems reduce electric power costs Nov. 122
Viscosity system programs and controls sample temperature Oct. 130
Break-through for on-line QC Jan. 106
Operator goofs minimized Nov. 84
Conveyors and conveyor parts
Cheese conveyor Nov. 85
Converger moves cartons March 88
Fluidized bed processor Dec. 104
Gravity conveyors May 164
Inspection conveyor Oct. 91
Low-maintenance conveyor Oct. 91
Magnetic memory conveyor Dec. 112
Oscillating conveyor June 122
Transfer Conveyor May 168
Trough for screw conveyors May 164
Vibrating conveyor Oct. 92
Vibrating conveyors Apr. 120
Collapsible belting Oct. 91
Laminated belts Oct. 92
Light-duty conveyor belting Oct. 139
Belting resists stains Oct. 92
Thermoplastic belting Nov. 144
Warning system prevents belt damage Oct. 142
Brush designed for conveyor types Apr. 138
Conveyor & cleaner fits under filler Oct. 148
Conveyor cleaner Oct. 92
Plastic parts easy to clean Oct. 91
Divider/Upender mounts on chain conveyor Apr. 148
Transfer plate and chain eliminates conveyor problems Oct. 139
Coolers
Blast cooler has above-rail design Apr. 113
Efficient evaporative cooler July 69
Cools liquids continuously July 69
Coors
New easy-open can end Oct. 50
Story of an innovator Part I ... (Havighorst) Dec. 51
Copolymers: second generation films Oct. 66
Corn Starch Plant to be built by Alfa-Laval May 49
Cottage cheese draining Nov. 85
Counters
Counting system monitors production Oct. 126
Counts bubble gum July 78
Counts, feeds crackers for automatic wrap Jan. 119
Cryoscope detects added water Oct. 126
Cure prickles in plastic tanks July 97
Cutting heads take on tough jobs Nov. 108
Cyclamate Decision ... (Crocco) July 42
Cyclamates, Abbott may sue Sept. 30

D

Dairy
DMV The Great Milk Exploiter Nov. 58
Dairy problem: nonfat dry milk surplusses March 54
Damper controls noise Nov. 158
Data terminal reduces delivery errors Oct. 142
Deli-cart Nov. 87
Detectors
Detects CO_2 leaks June 69
Detects concentration of Amino acids May 156
Broken bag detector spots emissions Apr. 144
Detects leaks in pull-tab and easy-open cans Apr. 123
Metal detector Jan. 124
Detects trace metals to sub-parts per billion ... (Fergusson) Jan. 88
Detergent
Bottle-washing detergent Nov. 85
Detergent has protease enzyme June 106
De-watering device May 136
Dietetic Jelly for foodservice industry May 37
Dispensers
Detergent dispenser May 138
Liquid dispenser Jan. 126
Pallet dispenser Oct. 139
Stick dispenser May 108
Tape dispenser June 100
Tape dispenser for box sealing Feb. 112
Dock levelers Dec. 119
Donuts ... 84 doz per hr June 69
Doors
Doors guaranteed 3 years July 69
Cold-storage door Nov. 87
Cold storage fire doors July 68
Installing cold storage doors? Jan. 102
[illegible]evice helps spot [illegible] Oct. 130
[illegible] doors July 69
[illegible]or strips minimize [illegible] loss Oct. 148
Sliding doors Dec. 117
Transparent door Apr. 147
Transparent Doorway Feb. 117
Drained weight issue Apr. 39
Drums
Drum deheader May 163
Drum rack Feb. 117
Drum roller Jan. 128
Drum unfiller Feb. 104
Dryers
Alfalfa dryer Nov. 106
Dries fragile product Feb. 113
Batch fluid bed dryer Oct. 104
Fastfreeze dryer July 86
Fluid bed dryer June 91
Fluid-bed dryer May 104
Fluid-bed dryer/cooler Feb. 110
Fluid-bed dryers have odor absorbers Apr. 116
Provides data to evaluate drying process July 94
Spray-drying system Oct. 112
Dumper Feb. 117
Dust control
Dust collector for grinding mills May 138
Dust Control ... (Owen) March 75

E

EPA
EPA Activity Sept. 28
EPA Scares beverage industry Jan. 37
EPA has 27 new agencies Sept. 28
EPA Water Regs. "Kiss of Death" May 19
Ear-Plugs Oct. 147
Egg
Double cream eggs June 80
Dried egg products March 44
Egg-Nog concentrate, $5,000 Christmas bonus Nov. 83
Emulsifier, powdered for convenient handling May 34
Energy
Costs hinder Europe's import growth March 56
Energy requirements: Freezing vs Canning ... (Henig & Schoen) Sept. 54
System takes 16.6% of total energy ... (Slater) Apr. 21
Engineered Foods
Albrecht, James J. (Personality Spotlight) June EF 4
Clausi, Al (Personality Spotlight) March EF 6
Solstad, Oddvar (Personality Spotlight) Dec. EF 27
Better Texture for vegetable

2

protein foods ... (Crocco) Sept. EF 14
Coming Up: Enzyme that consumers add to milk June EF 14
Dried Fruit Flakes Sept. EF 26
Exciting Products for Microwave Ovens ... (Fergusson) Sept. EF 22
Good Nutrition in a Frozen Confection June EF 9
"Ham" made from turkey March EF 27
Margarine offers lesson in product development March EF 9
Meal in a Can ... A Gourmet Competitor March EF 14
New fats & oils from low-cost source June EF 19
New Tricks for the "Old Dog" ... (Crocco) Dec. EF 14
New Way to Modify Flavor ... (Crocco) Sept. EF 7
Oilseed protein dinner Dec. EF 22
Premium lager from wort powder ... (Slater) March EF 19
Shape of Things to Come ... (Sander, See, Mindham) June EF 25
Soft-Serve Yogurt Dec. EF 10
Steak at 40% savings Dec. EF 6

Evaporators
Evaporating Systems Fit Your Food Products ... (Zimmer) March 70*
Evaporator reclaims $$$ Apr. 134
Heavy-duty evaporators July 68
Exhaust box July 86
Extractor, Citrus Juice July 80

Extruders
Extruder designed for snacks & cereal May 116
Extruder handles sticky product July 86
Extruder Texturizes, Cooks Apr. 116
'Whopper Popper' extruder produces 1,000 lb/hr Oct. 98
Extruder attachment makes dual flavored sausages June 88

F

FDA
FDA, API in dispute of PCB's in paper packaging Apr. 34
FDA Cyclamate decision ... (Crocco) July 42
FDA's Future: Schmidt's Dream ... (Crocco) June 14
Ban Lead Solder from Cans? May 24
FDA Evaluating Morton Chemical adhesive ... (Stockman) Feb. 29
FDA's New Role: Protect consumers ... (Crocco)
Open Letter to Dr. Schmidt (re Red #2) ... (Morie) July 45
Guess Who's Regulating the Regulators? ... (Crocco) July 19
Research monitoring top FDA priority Nov. 28
FDA still eyeing adhesive retort pouches Apr. 29
'77 Fateful year for saccharin (FDA decision) ... (Seligsohn) Dec. 20
Science is Loser in FDA Decision ... (Crocco) March 17
FDA Standard of Identity for frozen desserts May 69
FDA Split — March hearings predicted Nov. 26

FTC
Hearings reveal confused consumers ... (Crocco) Nov. 32
FTC says 'stop the egg ads' Sept. 30
FTC takes on General Foods Sept. 30

Fat
Artificial fat flavors Nov. 47
Fats & Oils from low-cost source June EF 19

Feeders
Feed system July 90
Spaghetti feeder Dec. 98
Weigh-belt feeder Oct. 97
Feeding of floodable items July 98

Fermentation
Fermentation Nov. 58
Fermentation pays off transforming waste to protein Nov. 66*
Fermentation system June 91
Fermentor can be sterilized May 154
Fiber in the Diet June 32
Fiberglass Panel May 163

Fillers
Filler has speeds to 18-20/min May 130
Batch-type filler Feb. 114
Filler beats spillage March 82
Filler designed for superior bottle filling Oct. 114
Filler fills and seals up to 200 CPM Oct. 114
Filler handles up to 140 CPM Oct. 122
Filler handles powdered products May 129
Piston filler Jan. 119
Filler and sealer Feb. 112
High-speed spinach March 82
Filler designed for sugar May 126
Filling device allows non-stop adjustments Oct. 117
High-speed filling machine Nov. 86
Filling for all viscosities Oct. 122
Fills ½ gal. ice cream cartons June 69
Fills & Weighs powders & Liquids May 154
Fills & Wraps butter mini-portions May 129
Film laminate "ideal" for coffee Oct. 85

Filters
Air and gas filters operate at 350 Bar June 86
Filter for fats & oils July 80
Filter Holder/Stirrer analyzes beer turbidity Apr. 112
Pressurized filter May 138
Versatile filter Nov. 85
Filter provides 100% sterile air Apr. 114
Mechanized filter press June 106
Open-mesh tubing ideal for filtration Oct. 101

Flavors
Banana cream Nov. 42
Blackberry Apr. 46
Butter March 44
Cheese March 41
Chicken Nov. 47
Chocolate Apr. 46
Coffee liquer Nov. 47
Cordials Apr. 46
Dry flavors: Creme de Menthe, Pistachio Apr. 45
Dairy Sept. 45
Flavor enhancer March 41
Fat flavors Nov. 47
Fresh-picked flavor Apr. 46
Flovors for low-calorie soft drink powder mixes Oct. 48
Flavor manufacturing facility June 31
Natural flavors for all fruits June 32
Grape flavor WONF is superior product Apr. 46
Kola July 31
Lemon Nov. 47
Maple March 48
Mushroom May 31
Mushroom flavor enhances soups Apr. 46
Mushroom flavors in three forms Apr. 45
Peach May 31
Seafood Aug. 27
Tomato Aug. 27
Tomato flavor oil Jan. 25

Floors
Floor cleaner May 140
Floor coating Jan. 120
Floor covering Nov. 158
Flooring planks Nov. 158

Flour
Corn flour finds new uses March 48
Peanut flours can be mixed with foods March 41
Flow director Jan. 128
Flow meters Dec. 111
Flow monitor Dec. 111

Fly killer July 91

Foam cleaners
Foam additive Nov. 87
Portable foamer Nov. 84
Food Stamps: Will Congress include Nutrition ... (Crocco) Apr. 17
Food Synthesis Nov. 34
Food Systems of the Future Apr. 26

Food Waste
Food Waste Management ... (Wilson and Huang) Feb. 79
Deep shaft treatment handles massive food wastes May 142

Form/Fill/Seal
F/F/S machine Dec. 100
F/F/S machine completely aseptic March 27
F/F/S system solves cheese packaging problem Oct. 72
Form-Fill-Sealer Nov. 88

Fortification
Canadians to Fortify fruit drinks and bases May 31
Fractionator Nov. 87
Franks made from chicken meat July 38

Freezing-Freezers
Trims cost in closed loop freeze-drying ... (Slater) Nov. 55*
CO_2 flash freeze system July 68
Contact freezer for food July 68
Non-combustible freezer July 68
Freezer/Tunnel Nov. 85
Freeze tunnel for small processes Nov. 114
Offers small scale cryogenic freezing Apr. 130
Plug-in spiral freezer July 68
LCO_2 tumble freezers June 94*
Freezer warehouse July 68
Freezes with LN or Co_2 July 68
Meat freezing capacity increased ... so is Quality Nov. 141
French-Fry line uses four cutters Nov. 104
Fries without fat on teflon belt Apr. 109

Fructose
Fructose available in crystal & liquid forms Jan. 25
First load of 55% fructose syrup Dec. 40
High-Fructose Corn Syrup at 4-million pounds/day ... (Russo) May 61
Concentrates high fructose corn syrup July 80
"Higher" High Fructose Nov. 42
Closer look at "higher" fructose syrups, II ... (Crocco) Dec. 58
Second generation high fructose syrup Oct. 47

G

Gates, lift July 100
General Mills anounces major expansion plans June 17
G. M. expands Nature Valley Line Apr. 51
GIA's World Food Development Congress May 46

Glass
Glass packaging industry gains Nov. 50
Glass uncaser handles containers from ½ oz. to gal. Nov. 149
Gloves protect hands in meat operations July 96
Grades shrimp and similar products May 116
Grating resists corrosion Nov. 159
Grouting compound Dec. 124
Guard, OSHA-approved March 82
Gums, new line from Hercules Dec. 40

H

Ham
Ham boning machine Dec. 106
"Ham" from Turkey March EF 27

Handling & Distribution
Bags, inflatable, prevent transit damage Apr. 148

Bins

Bin blaster June 122
Bins have rimlift May 79
Tote bins aid quality control Jan. 90
Wire storage bins Feb. 117
Computer helps boost sales May 151
Containers
Heavy-duty container is half-slotted Apr. 148
Plastic containers Feb. 117
Wire containers are durable Sept. 164
Data entry terminal May 79
Deli-cart Nov. 87
Dis-assembly Plant ... (Slater) July 47
Dispenser, pallet dispenser can be adjusted Oct. 139
Dock levelers Dec. 119
Mobile loading dock Sept. 111
Doors
Strip Doors block temp., sound, insects Sept. 157
Transparent door Apr. 147
Transparent doorway Feb. 117
Dumper
Dumper Feb. 117
Heavy duty vat dumper Aug 127
Drums
Drum rack Feb. 117
Drum roller Jan. 128
Drum unfiller ... (Havighorst) Feb. 104
Feeding of floodable items July 98
Filling unit handles fragile products Aug. 96
Filter unloads bulk containers Dec. 118
Gates, lift July 100
Grinding, cryogenic ... (Russo) Aug. 55
Handling & Storage system Nov. 152
Handling system handles 10 tons at once Dec. 108
Hoppers
Hopper holds up to 1 ton July 98
Hopper loaders Aug. 124
Indicator monitors perishable goods Sept. 158
Jacket insulates June 122
Lorries, instrumented, cancel milk transport errors June 71
Material Handling survey reveals problems Dec. 120
Opens and empties all cans May 99
Pallets
Aluminum pallets available for leasing Sept. 166
Protects product edges, contains pallet loads Sept. 162
Plastic pallet May 166
Filled case palletizer Apr. 148
Pumps
Aseptic pump May 164
Pumps designed for sanitary service May 166
Pumps many foods at 27 GPM Apr. 148
Portable pump designed for viscous materials Nov. 146
Racks
Racks provide maximum high-rise storage June 120
Rack selector system May 80
Sanitary racks clean easily May 79
Stacking racks have modular design Apr. 148
Rack System designed to utilize wasted space Oct. 134
Tri-drum rack holds 2,250 lbs. Nov. 146
Ramps feature 1000 lb load capacity Sept. 164
Scales
Custom made scales Nov. 150
Electronic scale twenty times faster Sept. 157
Electronic scale cuts weighing time Oct. 142
Ramp scale can be moved easily Nov. 150
Sorter, gull wing June 120
Stacking
Stacks drums three high Apr. 147
Modular stacking racks Dec. 118
Stock
Stockpicker Feb. 117
Stock Selector Feb. 119
Sorting & Dispatching system Feb. 99
Storage
India offers help to improve grain storage Feb. 66
Storage rack minimizes lift truck impacting Sept. 162
Portable storage tanks Nov. 85
Refrigerated storage unit increases thermal efficiency Nov. 149
Tanks
Liquid food tank designed for easier mobility Oct. 134
Tank empties liquids with less loss Sept. 166
Steel tanks Dec 119
Tape can be used as all around reinforcer Nov. 146
Thermoplastic used for table tops Sept. 125
Uncaser handles containers from ½ oz. to 1 gal. Nov. 149
Valves
Ball valves have quick disconnect June 122
Vacuum butterfly valves are air operated Apr. 110
Handling & Distribution — Conveyors
Conveyor increases handling flexibility Sept. 158
Divider/Upender mounts on chain conveyor Apr. 148
Dual roll conveyor has lower head profile Aug. 124
Magnetic Flow director Jan. 128
Gravity conveyors May 164
Oscillating conveyor June 122
Rolls cartons on conveyor line Sept. 162
Spiral conveyor Aug. 128
Transfer conveyor May 168
Transfer conveyor handles fragile products Sept. 157
Transfer plate and chain eliminates conveyor problems Oct. 139
Vibrating conveyors and screens Apr. 120
Wheel controls can movement Jan. 127
Conveyor belts
Warning system prevents belt damage Oct. 142
Light duty conveyor belting eliminates loss Oct. 139
Thermoplastic belting Nov. 144
Fiberglass trough for screw conveyors May 164
Handling & Distribution — Lift Trucks
New features in lift trucks for 1976 Feb. 118
Allis Chalmers weightmate Feb. 119
Cascade Model 35C Hi-Ball Clamp Feb. 119
Caterpillar models M30-M-100 Feb. 118
Clark Equipment Model NP 300 Feb. 118
Hyster Spacesaver series Feb. 119
Otis Models FTD-055 & 0551 Feb. 118
Toyota Model FDC-25 Feb. 119
Yale Model GC 0354-040A Feb. 118
Heated cab increases lift truck production in freezer May 90
Heavy duty fork lift July 100
Lift truck attachment May 168
Lift truck attachment for unpalletized loads Nov. 149
Narrow-aisle electric truck Jan. 127
Load runner sells for $1976 May 79
Pallet truck features single handle control Aug. 127
Pallet truck has 6,000 lb capacity Nov. 150
Pallet truck withstands destructive conditions Nov. 144
Movable header panel adjusts to trailer size Sept. 158
Versatile tank trailer Nov. 118
Handling & Storage System Reduces Unloading time by 75% Nov. 152
Heat Exchangers
Heat exchanger Jan. 118
Glass tubular heat exchanger July 80
Scraper Surface Heat Exchanger Nov. 155
Continuous Cooking System Nov. 86
Heat spotting device May 152
Heinz launches three new sauce and gravy products Feb. 51
Home Canning in '76 Apr. 34
Homogenization achieved by ultrasonic waves Apr. 116
Honey
Substitute for natural honey March 41
Imitation honey July 31
Replacement for honey June 32
Hoppers
Hopper holds up to 1 ton July 98
Hopper moves delicate products Jan. 113
Hydrometer Dec. 111

I

IFT
IFT emerges as professional force ... (Slater) July 17
IFT EXPO takes on big show charisma July 22
Impact Mill Apr. 129
Ingredients
Food Additives on Trial ... (Russo and Crocco) May 55
Anti-foam agents Oct. 48
Antioxidant in oil (test) Dec. 40
FMC's Avicel solves sticky problem ... (Stockman) Jan. 34
Flavored Beer: will it succeed in U.S. ... (Peill) May 70
Cellulose added to macaroni Oct. 108
New starter medium and cultures for cheese June 31
Cheese extenders June 32
Cream Cheese imitation May 31
Frozen cultures can be added to milk Dec. 39
Coating for iced candies, baked goods May 31
Red Color alternatives: blue raspberry, white grape May 29
Tinting strength improved for certified colorants May 31
New Natural Red Colorant Aug. 29
Natural Red colors Dec. 40
Color beads Aug. 30
Beet Juice powdered color Aug. 30
Natural color derived from beets March 41
Compaction aid curbs grit, aftertaste problems March 48
Cyclamate Decision July 42
New Dairy Blends Aug. 30
Dried Egg products replace whole eggs March 44
Powdered emulsifier offers convenient handling May 34
Fiber in the Diet June 32
Flavors: A changing world Sept. 62
Flavors
Flavor enhancer March 41
Imparts fresh-picked flavor Apr. 46
Flavors for low-calorie soft

4

drink mixes Oct. 48
New flavor manufacturing facility June 31
Flours
Corn flour finds new uses March 48
Peanut flours can be mixed with foods March 41
High-protein peanut flour Nov. 41
P-Nut flour 50 Aug. 30
High-Protein Flour Aug. 27
Foam Additive Nov. 87
Food Starch Aug. 30
New Standard of Identity for Frozen Desserts May 69
Fructose
First load of 55% fructose syrup Dec. 40
Fructose available in crystal & liquid forms Jan. 25
High, Higher, Highest Fructose Syrups I ... (Crocco) Nov. 80*
Closer look at "Higher" fructose syrups II ... (Crocco) Dec. 58
"Higher" High Fructose Nov. 42
Fortified fruit drinks May 31
Fruit and Vegetable flakes July 29
Chicle gum with liquid center Feb. 51
New line of gums from Hercules Dec. 40
Mixture of gums replaces soybean oil Spet. 126
Honey
Imitation honey July 31
Replacement for honey availble in liquid form June 32
Substitute for natural honey March 41
Margarine
Margarine offers important lesson March EF 9
Margarine can be sprayed onto product Apr. 41
Table spread catagory introduced March 35
Meal in a Can ... a Gourmet Competitor? March EF 15
Microingredient Products Jan. 130
Milk
Imitation Milk Nov. 87
Non-dairy milk Nov. 86
Low-lactose powdered milk Nov. 47
Mixes added to foodservice line Jan. 25
Contest generates ideas for using Molasses Oct. 47
Monoglycerides
New formulas for distilled monoglycerides May 29
Distilled Monoglycerides Aug. 127
Palm Oil
Palm Oil Imports May 29
Dramatic Rise for Palm Oil ... (Russo) Feb. 39
Panel on Nitrites gets new data June 32
Additive improves Pasta stability ... (Russo) Feb. 41
Food grade Phosphates Aug. 30
Pizza topping mix Sept. 45
Microbial Polysaccharides June 32
Leaf Protein feeding tests successful May 29
Quillaja bark extract Aug. 30
Quinine replacement March 48
Keeps Raisins soft Sept. 45
Science is loser in decision to ban Red No. 2 ... (Crocco) March 17
Red No. 2 ... (Crocco) March 64
FDA to rule on Red No. 2... (Russo) Jan. 19
New Sauce and Gravy Products Feb. 51
Freeze-dried culture for fermented Sausages Dec. 40
Natural casing Sausage June 32
Seafood powders and extracts Apr. 46
Seasoning adds elegance to chicken parts Aug. 27
Snack Seasoning "Not Too full of fire ... but peppery" Apr. 41
Universal Seasoning Nov. 47
Shape of Things to Come ... (Sander, Soo, Mindham) June EF 25
Puff Pastry Shortening produces superior "Puff" Nov. 47
Sodium Phosphates Jan. 130
Sorbitan esters May 34
Sorbitol price cut Jan. 25
Soy Isolate replaces casein Apr. 41
Stabilizer/Emulsifier Feb. 121
Stabilizer/Emulsifier Sept. 45
Icing Stabilizer May 34
Sugar
Sugar from Beets ... (Havighorst) Feb. 89*
Bicentennial Sugar Apr. 41
Food firms save $ by making Brown Sugar Apr. 45
Sugar replacer Dec. 40
Sugar substitute has no carbohydrates March 35
Sunflower seeds add taste May 29
Low-calorie Sweetener ... (Russo) Feb. 41
TVP Product Aug. 30
Tomato Powder July 31
Honi-comb Triticale Aug. 30
Low-fat Turkey sausage May 37
USDA Involvement with Nitrile Illegal ... (Crocco) May 16
Vegetable extract powders March 41
Vegetable Protein Sept. 45
Program launched to improve knowledge of Vitamins Nov. 41
Wayfels — Wafers Jan. 26
Whey
Whey becomes key ingredient in replacement formulas Aug. 60
Whey solids Aug. 30
Worcestershire (powdered) Sept. 45
Xanthan gum acts as leavener Jan. 25
Xylitol
Anti-carie sweetener? ... (Russo) Apr. 77
Natural sweetener officially introduced Oct. 48
Yeast as Livestock protein source Feb. 68
Insulation
Pipe insulation provides quieter working area Oct. 148
Snap on Insulation easily applied to tanks Nov. 112
Intercom system May 160
Iron
Iron enrichment: Bio-availability is the key ... (Rossman) July 63
Iron-fortified diets studied for infants March 41
Italian-style delicacy for weight watchers Nov. 37

J

Jalapeno "Not too full of fire ... but plenty peppery" Apr. 41
JIB Lifts and places with great accuracy Apr. 114
Joints designed for leakproof service Nov. 127

K

Kettle handles delicate products Dec. 106
Kjeldahl analyses at modest cost ... (Fergusson) Jan. 88

L

Labels
Mead petitions for change in soda carrier labeling Apr. 29
"Super-fly" labeller Dec. 97
Labels applied without adhesive Oct. 79
Applies more than two labels June 99
Applies labels to recessed surfaces Oct. 120
Wrap-around foam labels March 82
Label-printer produces large figures July 76
Lager from Wort Powder ... (Slater) March EF 19
Leaf protein feeding tests May 29
Leasing New Technology: Salvation for Small Co. ... (Seligsohn) April 71
Lemonade
Lemonade mix enters national market May 37
"Old Fashioned Lemonade" from Sunkist June 35
Lift Trucks — (see "Handling & Distribution—Lift Trucks)
Lighting fixtures for wet locations Dec. 122
Lorries cancel milk transport errors June 71
Lubricant for conveyor chains Feb. 116
Lumpbreaker handles tough friable solids Jan. 113

M

Malt replacement July 31
Managerial jobs command higher pay outside U.S. March 56
Margarine
Liquid margarine can be sprayed onto product Apr. 41
Margarine offers lesson in product development March EF 9
Table spread category introduced March 35
Material Handling (see Handling & Distribution)
Meal in a Can ... A Gourmet Competitor? March EF 15
Meat
Bagging for Fresh Red Meat Nov. 132
Flake Cut Meat Products July 70
Hydraulic meat press Dec. 104
Meat packager May 134
Meat packaging system March 29
Mechanically deboned meat: used worldwide ... (Noble) Nov. 90
Studies show consumers favor frozen-fresh meat packaging Oct. 74
Meters
Meter senses flow May 156
Meter shows freshness of wet fish June 77
Liquid metering systems Oct. 98
Metric
Coca-Cola goes metric with two and one-liter bottles Apr. 32
Micro-organism identification system Dec. 110
Microwave-ovens ... special packages Oct. 68
Milk
DMV The Great Milk Exploiter Nov. 58
Imitation milk Nov. 87
Milk jugs, polycarbonate Dec. 103
Powdered Milk Nov. 47
Milk, non-dairy Nov. 86
Milk separators Nov. 112
Mixers
Mixer has no moving parts May 120
Mixer, granulator, Nov. 88
Portable industrial Mixers Nov. 112
Dry Mixes added to Foodservice line Jan. 25

*With Flow Diagram

Moisture
Infra-red Moisture detection Nov. 128
Moisture monitor Nov. 84
Molasses
Contest generates ideas for using molasses Oct. 47
Price protection for volume molasses users March 44
Molds
Automatically molds and wraps Feb. 99
System continuously molds soft cheese Apr. 118
Monitors
Non-contact monitor controls bin level Apr. 144
Opacity monitor measures emissions Oct. 126
System monitors 1,000 points Dec. 110
Time-temp. monitor Jan. 124
Mushroom
Mushroom flavor May 31
Natural Mushroom flavor enhances soups Apr. 46
Mushroom flavors offered in three versatile forms Apr. 45

N

National lab for Food? Part 3 ... (Slater) March 63
Nitrogen injected into products during mixing Oct. 97
No-bake mix line from Pillsbury May 37
Nozzles
Ceramic insert nozzle May 163
Spray nozzle Feb. 114
Nylon The Extensible Food Film ... (Sacharow) July 65

O

Odor
Controls odor and smoke Feb. 114
Removes odors from frying process Feb. 114
Oil-free compressed air Apr. 133
One Man + Automated System Expedites 35 Tons Cheese/Day ... (Havighorst) Apr. 95*
Onion-ring machine Nov. 106
Oriental-style vegetables March 35
Orsan ferments food building blocks ... (Slater) Nov. 63*
Oysters automatically opened Nov. 108

P

Packaging
Aseptic Packaging: Has it Finally Arrived ... (Slater) Oct. 55
What it takes to be an Aseptic Pioneer ... (Slater) Oct. 56
Army to Can the Can; Switch to Retort Pouches ... (Seligsohn) Feb. 19
U. Mass. study questions 'Ban-the Can' Law ... (Stockman) March 31
Cellophane
Cellophanes: New Life for Old Standby ... (Sacharow) Feb. 76
Cellophane prices up Sept. 49
Cellulose Acetate: Durable Pioneer ... (Sacharow) March 80
Closure System, 3M response to USDA Law Jan. 38
Copolymers: second generation films Oct. 66
Drained Weight issue heats up Apr. 39
EPA Mandatory Deposit Proposal Jan. 38
FDA
FDA, API in dispute of PCB's in paper packaging Apr. 34
Ban Lead Solder from Cans? FDA says 'Maybe' May 24
FDA Evaluating Morton Chemical Adhesive ... (Stockman) Feb. 29
Lead reduction in cans will cost $33 million June 26
Mead petitions for change in soda carrier labeling Apr. 32
Packagers using PVC gear for FDA verdict Feb. 29
FDA Eyeing adhesive-retort pouchers must wait Apr. 29
Retort pouch approval pending May 24
Fabric prevents sharp bones from rupturing bags Jan. 42
Flexible packaging: Outlook to 1981 July 52
Glass Packaging Industry records historic gains Nov. 50
Home canning in '76 Apr. 34
Coca-Cola goes Metric with two- and one-liter bottles Apr. 32
Nylon the extensible food film ... (Sacharow) July 65
'76 Packaging Show Aug. 33
O-I Testing small version of Plastishield Apr. 29
Paint, lubricating, reduces downtime Nov. 162
Polycarbonate Sept. 73
Polyester: Strong properties for Versatility ... (Sacharow) June 64
Polypropylene: More than Overwrap ... (Sacharow) Jan. 85
Polystyrene: Wraps up longer Shelf Life ... (Sacharow) May 74
Polyvinylidene Chloride, Versatile Saran ... (Sacharow) Apr. 84
Rubber Hydrochloride Useful 'Old-Timer' ... (Sacharow) Aug. 62
A-H increases output of Surlyn bottle Apr. 29
Supreme Court Decision due on Short Weight Packaging May 24
Packaging Equipment
Hot melt Applicator is gear type March 88
Bag packager Dec. 100
Bag packaging line designed for twin-pack canisters Apr. 125
Bagger, large capacity Nov. 137
Complete Bagging system Dec. 100
Bagging for Fresh Red Meat Nov. 132
Beam spots product May 79
Blow molder has short dry cycling time Apr. 123
Bundler Dec. 97
Capper can be used on any line June 105
Dairy caps made in-plant Nov. 84
Cartoners
Cereal cartoning May 93
Cartoner operates with hot melt Aug. 100
Cartoner reduces short-med. run costs Sept. 154
Cartoner & filler designed for sugar May 126
Vertical cartoner opens, closes and seals Oct. 117
Case Packing and Sealing
Case former-sealer Feb. 121
Case handler March 83
Case packer for bags Dec. 100
Case packer integrates with F/F/S. Apr. 118
Case packer is portable Apr. 125
Case sealer avoids jamming damage Sept. 152
Case Sealer is self-adjusting Nov. 137
Wrap-around caser Feb. 111
High speed wrap-around casing system Nov. 135
Cellophane has good machineability Aug. 33
Closures
Closure for pouches May 129
Expertise for closure problems Feb. 112
Coffee bags — Package makes the product Oct. 64
Packaging Containers
Aluminum cans being tested Apr. 29
Coors develops new easy-open can end Oct. 50
Can ends offer savings to beverage canners Oct. 50
Plastic can combines strength of metal, visibility June 25
Tester spots defects in seamless cans Oct. 117
'Soft Can' proves popular coffee container July 27
Is the Three-piece can surviving? ... (Stockman) May 26
Gable top carton designed for OJ June 26
Paperboard cartons Nov. 87
Beverage containers made from polyester resin Nov. 49
Cottage cheese containers Nov. 84
Corrugated containers Aug. 33
Paperboard designed for freezing Apr. 126
Polycarbonate milk jugs Dec. 103
Multi-layer containers Nov. 50
Metalized film laminate 'ideal" for coffee Oct. 85
Plastic milk pouch Nov. 88
Polycarbonate bottles Nov. 88
Surlyn bottle production increased Apr. 29
Trays for microwave ovens Oct. 68
Counters
Counts bubble gum and dispenses into bag July 78
Counts, feeds crackers Jan. 119
Detectors
Detects CO_2 leaks in food packages June 69
Detects leaks in pull-tab and easy-open cans Apr. 123
Dispenser
Tape dispenser June 100
Tape dispenser for box sealing Feb. 112
Feeder, automatically weighs and feeds spaghetti Dec. 98
Fillers
Carton filler features high weight accuracy Aug. 100
Continuous-motion filler Oct. 114
Fillers designed for superior bottle filling Oct. 114
Dual Head Filler Oct. 122
Filler beats spillage March 82
Filler has speeds up to 18/20 min May 130
High-speed spinach filler March 82
Piston filler Jan. 119
Rotary filler May 129
Semi-automatic filler offers many options Sept. 148
Volumetric filler Sept. 144
Filler and Sealer Feb. 112
Filling device allows non-stop adjustments Oct. 117
High-speed filling machine Nov. 86
No-drip filling Oct. 122
Fills ½ gal. ice cream cartons June 69
Fills and Wraps butter mini-portions May 129
Powder packer Nov. 85
Packages chili into PE trays May 134
Form/Fill/Seal
F/F/S machine Dec. 100
Packager combines checkweigher and F/F/S July 78

*With Flow Diagram

6

English F/F/S machine March 27
F/F/S system solves fresh cheese packaging problem Oct. 72
Form-Fill Sealer Nov. 88
F/F/S System offers perfect package weight Sept. 37
F/F/S meat packager May 134

Labeling
Coder/Marker uses disposable cartridge Sept. 111
Coder utilizes cold impact foil June 105
Codes packages via laser beam Jan. 42
Labeling adhesives Feb. 121
OSHA-approved guard for labeling machines March 82
Roll-fed labeler for plastic bottles Sept. 154
Labeling system, "Super-fly" labeler Dec. 97
Labels applied without adhesive Oct. 79
Applies labels to cans at speeds to 600/min Sept. 142
Applies labels to recessed surfaces Oct. 120
Applies more than 2 labels June 99
Foam labels March 82
Frozen food labels Sept. 148
Hot stamp imprinter June 100
Gabled carton printer fits any line March 90
Electrostatic printer Dec. 98
Label-printer produces large figures July 76
Attachment prints info at rates to 200/min. Aug. 96

UPC
UPC Data printer added to label system June 99
Laser scanner predicts UPC readability Oct. 50
Milk bottle label features UPC June 26
Automatic read head for UPC verifier * Nov. 135
Needed: Better quality control for UPC Oct. 61

Loading, automatic, to save time & money Nov. 132
Packaging System, Highly accurate June 102*

Vacuum Packaging
Meat vacuum packaging Jan. 119
Vacuum packager has gas-flush option Apr. 126
Vacuum packs food products Apr. 112

Pallets
Plastic pallet May 166
Pallet Wrapping May 80
Palletizer has few moving parts Apr. 148

Polystyrene
New refinements and uses Nov. 77
Polystyrene extrusion grades in pellet form May 24
Polystyrene sheeting available Jan. 42

Portion Pak System from Tetra Pak Oct. 52
Pouch machine Dec. 100
Retort Pouch - Army to 'Can the Can' ... (Seligsohn) Feb. 19

Sealers
Box sealer adjusts to varying sizes July 78
Box sealer March 83
Sealing tape Jan. 130
Seals most boxes May 80
Pressure sensitive box sealers Feb. 121
Sealer prevents sifting June 100
Seals flip top cartons Aug. 92
Seals aluminum containers July 78
Seals blister packs & trays July 76
Sealers designed for low-volume plants April 126
Lap seal packager Oct. 122
Lap sealer Dec. 100

Shrink Wrap
Shrink-film packager operates economically Sept. 150
Shrink system saves energy Jan. 119
Shrink systems Apr. 126
Modular shrink tunnel Sept. 144
Shrink tunnels use dry air heat July 78
Shrink-wrap positioned by photocell Oct. 52
Shrink wrapper Dec. 100

Strapping
System stacks & straps 200 pallets/day Aug. 76
High strength strap holds boxes together Jan. 119
Strapper Feb. 111
Polyester cord strapping Nov. 138
Stainless steel poly strapper Nov. 137
Low cost strapping has high performance Sept. 146
Straps cases at 18/min May 79

Uncasers
Bottle uncaser Dec. 98
Uncaser can handle round or rectangle shapes Sept. 152

Vibrator/Sealer Sept. 152

Wrappers
Horizontal wrapper Dec. 100
Horizontal wrapper versatile & efficient Sept. 146
Infinite-length wrapper Dec. 100
Molds and wraps automatically Feb. 99
Over-wrapper runs foil, film, paper Oct. 120
Polyethylene wrapper Nov. 86
Sleeve wrapper has film loading May 130
Sleeve wrapper for short runs Nov. 138

Pasta Stability ... (Russo) Feb. 41

Peelers
Onion peeler reduces pollution problem Oct. 100
Peels four onions per sec. Apr. 130
Better way to peel fruit July 88
Shrimp peeler July 86

Pest Control
Pest control tools Apr. 92
Insect spray Apr. 92
Insect control, electric Oct. 154
Controls insects July 92

Pipes
Pipe coverings May 160
Pipe jacket insulates June 122
Glass fiber piping Feb. 107

Potato Crop production declines in Europe Jan. 50
Preheats and rinses glass jars Feb. 116
Probe, high-speed March 82

Processing
Absorption technique ... (Thomson) Apr. 49
Aerators tackle large scale potato waste May 144
Agglomerates additives into breakfast food Oct. 110
Air conveying problem at Gerber's Nov. 131
Aseptic processing system Nov. 87
Blancher-cooler saves water ... (Bomben) July 55*
One-Man + Automated system Expedite 35 tons cheese/day...(Havighorst) Apr. 95*
2-stage Cold System July 73
Compressed air powers Heineken's brewery Aug. 121
Savings predicted with Decentralized processing Sept. 58*
Degumming system...Soy Extraction Plant May 122*
Drying process July 94

Energy ... Conserve energy using plate heat exchangers ... (Cooper and Bugman) Nov. 73
Evaporating systems to fit your food product ... (Zimmer) March 70
Evaporator reclaims $$ from tuna cannery stickwater Apr. 134
Fermentation pays off in transforming waste to protein Nov. 66*
Orsan ferments food building blocks ... (Slater) Nov. 63*
South African meat processor develops flake-cut meat July 70
Flodor sets pace with chip line ... (Slater) Sept. 69
Freezing capacity increased Nov. 141
Trims costs in closed-loop Freeze-Drying ... (Slater) Nov. 55*
High Fructose corn syrup ... (Russo) May 61
Fruit Juice Processing ... (Hurler) July 57
Food processing lines described June 83
Better way to Peel Fruit July 88
Recycling technology Oct. 150

Heat exchanger
Single tube May 111
Cooker for Chemetron March 83
Heat exchanger reduces wine cold-stabilization Nov. 155

Mechanically deboned meat ... (Noble) Nov. 90
Motors can save food industry Oct. 133
Paint reduces downtime Nov. 162
Perky Produces Pies by the millions ... (Havighorst) June 62
'Green Thread' Piping aids processing at Green Giant Feb. 107
New Generation Plant ... (Griffith and Havighorst) Jan. 59
Pulping system Oct. 100
Pump system simplifies juice preparation Sept. 123
New way to Reactivate Carbon ... (Slater) June 40
Rework process cuts ingredient costs Sept. 123
Electronic Sorting System June 80
Reduction system handles whole blocks of cheese Nov. 112
Spray-drying system Oct. 112
Sugar recovery system Jan. 117*
Thermal treatment improves sour milk products ... (Slater) May 72
Tomato sorter improves efficiency of harvesting Sept. 130

Ultrafiltration
U/F is the key in new junket-making process ... (Slater) March 84
U/F + novel dryer takes protein from whey ... (Slater) May 82
U/F system Dec. 106
U/F system Nov. 87
U/F system Nov. 86
U/F system handles batch volumes Apr. 129

Vegetable
System reduces cost of vegetable oil hydrogenation Jan. 97*
Techniques cut costs of vegetable protein ... (Sterner and Sterner) March 77

Vintner measures metal tracess Jan. 110
Systems for crop Waste Nov. 71
Wet Wheat process ... (Maijala) Feb. 73
Whey fermentation for small plant wastes ... (Jeffreys) Nov. 68

*With Flow Diagram

X-Rays become on-line sleuths ... (Slater) Apr. 80
X-Ray inspector Oct. 88
Processing Equipment
Actuators for food plants Jan. 116
System Aerates puddings May 114
Activators Dec. 106
Analyzers
CO_2 analyzer detects insects ... (Street and Bruce) Feb. 94
Milk analyzer for butterfat testing Oct. 102
Blancher cuts fuel costs May 111
Blenders
Compressed air makes dry materials Sept. 125
Dry-to-liquid blender Nov. 83
Boilers
Boiler saves mid-season downtime Apr. 140
Electrode Boiler pays off Nov. 116
Breads up to 4000 lb/hr May 116
Centrifuges
De-sludging centrifuges May 114
Nozzle-bowl centrfuge Feb. 99
26-year old Centrifuge still operates Nov. 100
Cheese Vats
Automated cheese vat has CIP system Sept. 120
Self-unloading cheese vat increases production Nov. 104
Chillers
Injects liquid nitrogen into products during mixing Oct. 97
Liquids chiller July 69
Climate is monitored by computer June 46
Coating
New features for chocolate coater Oct. 104
Synergistic coating aids molding of biscuits Aug. 79
Compressors
Compressor runs at low noise level June 77
High-capacity compressor July 69
Recovers Compressor heat July 69
Screw-type compressor Nov. 114
Offers oil-free compressed air Apr. 133
Computer
Computer aids vegetable growing research May 102
Belt-tare computer available Nov. 112
Concentrator removes water from high fructose syrup June 96
Controllers
Batching control for multi-ingredients Oct. 102
Controller modules Nov. 83
Conveyors
Laminated conveyor belts Oct. 92
Continuous weiner line Feb. 110
Fluidized bed processsor Dec. 104
Vibrating conveyor Oct. 92
Transport system Oct. 91
Coolers
Blast cooler has above-rail design Apr. 133
Evaporative cooler July 69
Cooling tunnel for packaged goods Sept. 119
Cools liquids continuously July 69
Cures Pickles July 97
Cutting heads take on tough jobs Nov. 108
Depositor- double-cream eggs June 80
Detector for metals Jan. 124
Dischargers
Vibrating bin discharger May 124
Vibrating bin discharger July 102
Dispensers
Liquid dispenser Jan. 126
Dispensers reduces cost May 108
Donut making unit June 69
Draining
Cottage cheese draining Nov. 85
Cheese conveyors Nov. 85
Drying
Dries fragile products uniformly Feb. 113
Fast freeze dryer July 86
Batch fluid bed dryer Oct. 104
Fluid bed dryer June 91
Fluid bed dryer has centrifugal design May 104
Fluid bed dryer/cooler Feb. 110
Fluid bed dryers have odor adsorbers Apr. 116
Emulsifier disassembles for CIP Jan. 116
Evaporators
Continuous processors designed for industrial market May 120
Heavy-duty evaporators July 68
Extractor for citrus juice July 80
Extruders
Extruders designed for snacks May 116
Extruder expands, texturizes, cooks Apr. 76
Extruder handles sticky product July 86
'Whopper Popper' produces 1,000 lb/hr Oct. 98
Extruder attachment makes dual flavored sausages June 88
Feeders
Weigh-belt feeder has digital feed-rate readout Oct. 97
Weigh-belt feeder improved Sept. 117
Fermentation system June 91
Fermenter can be sterilized May 154
Filters
Filter for fats and oils July 80
Filter provides sterile air Apr. 114
UF Module Nov. 86
Versatile filter Nov. 85
Tubing for Filtration Oct. 101
Foamer, portable Nov. 84
Fractionator Nov. 87
Freezers
Contact freezer for food July 68
Cryogenic freezing Apr. 130
Flash freeze system (CO_2) July 68
Freezes with LN or CO_2 July 68
Ice cream freezer (operator goofs minimized) Nov. 84
Non-combustible freezer July 68
Proper freezer specification saves product Feb. 105
Snow Hood for chicken July 68
Spiral freezer July 68
Tumble Freezers June 94*
Freeze tunnel for small processes Nov. 114
Freezer/Tunnel Nov. 85
Freezer Warehouse July 68
"High" productivity for Freezer/warehouse Sept. 168
French-Fries
High production line Nov. 104
French fry samples quickly graded Sept. 112
Fries without fat on teflon belt Apr. 109
Fryer designed for expanding products Apr. 109
Grader for shrimp and similar products May 116
Ham boning machine Dec. 106
Heat
Candy stove has fine heat controls Apr. 130
Heat exchanger Jan. 118
Heat exchanger handles all pumpable products Sept. 120
Glass tubular heat exchanger July 80
Single tube heat exchanger May 111
Special stainless prevents corrosion Jan. 92
Steam exhaust box July 96
Homogenization achieved by ultrasonic waves Apr. 116
Hopper moves delicate products Jan. 113
Hydraulic meat press Dec. 104
Impact Mills
Impact mill reduces many friables Sept. 111
Impact mill has high capacity Apr. 129
Insulation easily applied to tanks Nov. 112
Kettles
Tilting, gas-fired kettle introduced Sept. 112
Kettle handles delicate products Dec. 106
Lumpbreaker handles tough friable solids Jan. 113
Measurements breakthrough for on-line quality control Jan. 106
Meters
Metering system blends liquids June 93
Liquid metering systems for batch or continuous flow Oct. 98
Mixers
Batch processor Nov. 83
Mixer has no moving parts May 120
Mixer, granulator, agglomerator Nov. 88
Portable Industrial Mixers Nov. 112
Mold system for soft cheese Apr. 118
Moisture monitor Nov. 84
Onion Ring machine is fast and economical Nov. 106
Opener handles 700 cans/hr Sept. 113
Opens and Shucks oysters Nov. 108
Ovens
Band oven is energy efficient Sept. 117
Pretzel oven uses interchangeable fuels Apr. 130
Peelers
Onion peeler reduces pollution problem Oct. 100
Peels four onions per sec Apr. 130
Shrimp peeler July 86
Proportioning system June 74
Pump
Aseptic pump March 82
High pressure pumps March 82
Triple high pressure pump Jan. 118
Pump/Homogenizer Nov. 87
Low-pressure pump/homogenizer Nov. 112
Separators
Mid-range vibratory separator Nov. 114
Semi-hermetic milk separators Nov. 112
Polyurethane desilting cone March 82
Rotostrainer Jan 122
Separator eliminates sifting problems Sept. 128
Shaker for granular materials Oct. 125
Mid-range vibratory separator Nov. 114
Semi-hermetic milk separator Nov. 112
Polyurethane desilting cone March 82
Slicer
Automatic meat slicer June 93
Speed reducers for tough jobs Nov. 142
Tenderizers
Large-scale May 114
System tenderizes 5000 lb/hr Feb. 109
Thermocouples have mineral insulation June 88

*With Flow Diagram

Trough Oct. 91
Processing Equipment — Instruments & Controls
Actuators designed for food plants Jan. 116
Analysers
Fast analysis of bound nitrogen Sept. 138
Analyser gives chemical, physical & quality data June 115
Chlorination analyzer-recorder Jan. 120
Gas analyzer helps save fuel Sept. 135
Analyses milk June 80
Analyses of N-Nitroso Compounds ... (Fergusson) Jan. 88
Ultrasonic solution analyser Nov. 84
Airborne bacteria killing system Nov. 87
Checkweighers
Automatic checkweigher Dec. 100
Dual-lane checkweigher Dec. 98
New generation check-weigher Oct. 83
Packager combines checkweigher and F/F/S July 78
Slide checkweigher Sept. 132
Small-package check-weigher Dec. 100
Waterproof checkweigher Dec. 97
Computers-Controllers
Computer controls weigh feeders June 116
Easy-to-implement computer Nov. 88
Control system will batch, blend or dispense May 152
Control systems reduce electric power costs Nov. 122
Controls batch & blending May 79
Controls batch processes Oct. 128
Controls beverage brix June 115
Controls grain product moisture Apr. 144
Controller designed for multiple-test applications Apr. 142
Continuous cooking system Nov. 86
Instrumentation expands control capability Nov. 122
Microcomputer plus pneumatics control CIP Nov. 154
Pre-engineered panels for varied uses Sept. 138
Programmable controller for process flow Nov. 124
Temperature controllers Oct. 130
Thumbwheel controller modules Nov. 83
Counters
Counts bubble gum and dispenses into bag July 78
Counting system monitors production Oct. 126
Detectors
Broken bag detector Apr. 144
Cryoscope detects added water Oct. 126
Detects concentration of amino acids May 156
New instrument speeds microbial detection May 86
Infra-red moisture detection Nov. 128
Filter, holder/stirrer Apr. 112
Flow-meters
Flow meter doubles as level monitor Sept. 135
Meter senses flow May 156
Flow monitor Dec. 111
Hydrometer Dec. 111
Indicator for pressure lines June 86
Kjeldahl analyses ... (Fergusson) Jan. 88
Monitors
System monitors 1,000 points Dec. 110
Time-temp. monitor Jan. 124
Non-contact monitor Apr. 144
High-speed fill-height probe March 82
Ultrasonic device for level and flow Sept. 137
Recorders
Records food temp on replaceable chart Sept. 135
Time/Temp tag records exposure during shipment Apr. 142
Quick-scan recorders Jan. 124
Strips record temp. Jan. 126
Refrigeration—Specifications save product and profits Feb. 105
Regulators have maximum setting stop May 108
Rejects buckled cans May 156
Sampler solid-state controlled Sept, 132
Scales
Digital bench & platform scales Dec. 105
Electronic bench scale Sept. 137
Scanners come in four models Apr. 144
Sensors
Level sensor has sanitary design Sept. 137
Level-control sensors Nov. 128
Spectrophotometer
Analyses caffein at 40 samples/hr June 116
Features versatility and precision Sept. 136
Sterilizers
Air sterilizer Nov. 85
UHT liquid food sterilizing system Oct. 106
Switches
Alarm switch for flow meters Dec. 111
Pressure switch saves space & labor Oct. 128
Temperature controllers Dec. 111
Temperature recorder signals by color May 156
Terminal withstands hot & humid conditions June 116
Tests
Tests for dissolved particles June 116
Milk testers Nov. 124
Thermocouple scanning Jan. 124
Thermometers
Digital thermometer Sept. 135
Digital thermometer for soft-solid foods Oct. 125
Viscosity system programs and controls sample temp. temp. Oct. 130
Titrator uses disposable cartridges Nov. 127
Weighing
Weigher simplifies inventory control Apr. 144
Tank weighing system Dec. 114
Weigh system gives digital weight Jan. 124
Protein
Leaf Protein feeding tests successful with children May 29
New Protein Food ... (Barksdale) Apr. 59
Technique promises Protein Recovery ... (Thomson) Apr. 49
Pumps
Aseptic pump May 164
High-capacity aseptic pump March 82
High capacity pump Apr. 91
Pump/Homogenizer Nov. 87
Low-pressure pump/homogenizer Nov. 112
Pump for meat vacuum packaging Jan. 119
Pump for viscous materials Nov. 146
Pump system aerates puddings May 114
Pumps for sanitary service May 166
Pumps many foods at 27 CPM Apr. 148
Pumps March 82
Triple high-pressure pump Jan. 118

Q

How QC begat QA ... (Stockman) June 55
Quiche Lorraine Dec. 33
Quinine replacement March 48

R

Racks
Racks have modular design Apr. 148
Racks provide maximum storage capacity June 120
Sanitary racks clean easily May 79
Rack selector system May 80
Rack system designed to utilize wasted space Oct. 134
Tri-Drum rack holds 2,250 lbs. Nov. 146
Railing easy to install Nov. 160
Ramen noodles added to Oriental line July 38
Recorders
Quick-scan recorders Jan. 124
Time/Temp. tag records exposure Apr. 142
Recycling technology Oct. 76
Refrigeration
Refrigerated buildings prove versatile Apr. 99
Refrigeration handles diversified load Mar. 87
Specifications save product and profits Feb. 105
Retort Pouch
Army to "Can the Can" ... (Seligsohn) Feb. 19
Retort saves operating time & energy Feb. 109
Retort Pouch approval pending toxicology OK May 24
Soft can proves popular July 27
Ricetein July 38
Rinse system Feb. 114
Rising Costs: How to Cope ... (Frost) Apr. 64
Salt substitute May 37
Sanitation and Maintenance
Air curtain Aug. 75
Battery charging shops Apr. 105
Bearings July 91
Brush designed for all conveyor types Apr. 138
Burner slashes fuel costs May 99
Chlorinator handles varying flow conditions Sept. 176
Chlorine dioxide unit Apr. 92
Cleaning
Central cleaning system Apr. 92
CIP
CIP Controller Nov. 84
CIP, Digital controller Apr. 91
CIP System Feb.
Cleaning system May 136
Heavy-duty pressure cleaner Apr. 91
High-pressure cleaning unit Apr. 91
Satellite cleaning stations Apr. 91
Wand — high pressure, foam Apr. 91
Coatings
Coating has new fungicidal properties June 86
Coating withstands severe conditions Sept. 178
Coats iron equipment May 160
Conveyors
Belting resists stains Oct. 92
Collapsible belting Oct. 91
Conveyor cleaner Oct. 92
Conveyor cleaner fits under filler Oct. 148
Inspection conveyor Oct. 91
Low-Maintenance

*With Flow Diagram

conveyor Oct. 91
Lubricant for conveyor chains Feb. 116
Damper controls noise and absorbs vibration Nov. 158
Detergents
Bottle-washing detergent Nov. 85
Detergent has protease enzyme June 106
Detergent dispenser May 138
Dock Seal easily installed Aug. 73
Doors
Doors guaranteed 3 years July 69
Cold storage door Nov. 87
Cold storage fire door July 68
Installilng cold storage doors? Jan. 102
Freezer doors July 69
Door strips minimize air loss Oct. 148
Drum deheader May 163
Dust Control
Atomizing system controls dust Nov. 159
Dust collector for grinding mills May 138
Making Dollars from Dust . . . (Owen) March 75
Filters
Air filter has visual check feature Sept. 172
Air and gas filters June 86
Mechanized filter press June 106
Pressurized filter May 138
Floors
Floor cleaner May 140
Floor coating Jan. 120
Floor covering from liquid epoxy Sept. 178
Floor stripper Apr. 92
Steel flooring planks Nov. 158
Grating resists corrosion Nov. 159
Grouting compound Dec. 124
Hose reels eliminate safety hazards Sept. 174
Joints designed for leak-proof service Nov. 127
Lighting fixtures for wet locations Dec. 122
Lubricant won't wash off Sept. 174
Muffler meets OSHA regs May 140
Noise Control
Sound reduction material Aug. 75
Nozzles
Ceramic insert nozzle May 163
Spray nozzle Feb. 114
Spray nozzle designed for tank cleaning Aug. 116
Non-clogging spray nozzles Jan. 120
Odor control
Controls odor and smoke Feb. 114
Removes odor from frying process Feb. 114
System :.eutralizes plant odors Sept. 170
Panels
Fiberglass panel May 163
Fiberglass surfacing Jan. 123
Insulated panels July 69
Low-cost buiding panels Aug. 73
Panels and liners Aug. 73
Pest Control
Controls insects July 92
Electric insect control Oct. 154
Fly control unit Aug. 116
Fly killer July 91
Pest control tools Apr. 92
Automatic insect Spray Apr. 92
ULV pesticide sprayer Apr. 91
Pipe coverings
Pipe coverings protect in outside environment May 160
Pipe insulation provides quieter working area Oct. 148
Plastic parts easy to clean Oct. 91
Pre-fab refrigerated buildings Apr. 99
Protective Clothing
Liquid-proof Apron is easier to clean Nov. 160
Boot protects in wet work areas Apr. 138
Liquid Protection clothing Jan. 120
Gloves protect hands in meat operations July 96
Hearing protector meets OSHA regs. Sept 176
Ear-plugs stay hygenically clean Oct. 147
Plastic shield protects operator May 140
Pumps Apr. 91
Racks clean easily May 79
Railing, easy to install Nov. 160
Rinse system Feb. 114
Sanitation consulting Apr. 92
Sanitation programs Apr. 92
Sanitizer Apr. 137
Sanitizer — non-corrosive Jan. 122
Sanitizing Sprayer July 92
Smelly slops are tidied May 88
Sterilizer has 99.9% kill rate Nov. 156
Sterilizes water Aug. 115
Switches Dec. 123
Truck shelter Aug. 73
Tubing Feb. 114
Vacuum cleaner has 3-ton per-hour capacity Oct. 147
Valves July 91
Walls
Fiberglass wall board Apr. 92
Wall covering July 96
Porcelain walls Dec. 123
Washers
Can washer & dryer Apr. 137
Drum washer Apr. 91
Intermediate range washer Dec. 124
Pallet washer Jan. 120
Industrial pressure washer Nov. 156
Three-man pressure washer Sept. 170
High-pressure pan washer July 90
Recirculation washer Feb. 116

S

Sausage
Attachement makes dual flavored sausages June 88
Freeze-dried culture for fermented sausages Dec. 40
Natural casing sausage June 32
Scales
Digital bench & platform scales Dec. 105
Electronic scale Oct. 142
Ramp scale Nov. 150
Weighing device makes custom-made scales Nov. 150
Scanners come in four models Apr. 144
Dr. Schmidt . . . (Morie) July 45
Seafood powders and extracts Apr. 46
Sealers
Sealer helps prevent sifting June 100
Box sealer adjusts to sizes July 78
Random box sealer March 83
Case sealer, self-adjusting Nov. 137
Applies cohesive sealants to flexible packages June 26
Seals aluminum containers July 78
Seals blister packs & trays July 76
Seals most boxes May 80
Sensors
Level-control sensors Nov. 128
Proximity sensor Jan. 124
Separators Nov. 114
Shrink wrap systems (see Packaging Equipment . . . Shrink Wrap)
Shortening produces superior 'puff' Nov. 47
Sieve shaker Oct. 125
Size reduction system Nov. 112
Slurry-fillers speed cheese-cake line Apr. 110
Sorbitan esters May 34
Sorbitol price cut Jan. 25
Sorters
Gull-wing sorter June 120
Automatic sorting & dispatching system Feb. 99
System sorts fowl June 80
Soups
Nestle enters soup market March 35
Semi-condensed soups Apr. 51
Soy
Soy extraction plant May 122
Soy isolate Apr. 41
Spaghetti sauce Dec. 33
Speed reducers Nov. 142
Sprayers
ULV Pesticide sprayer Apr. 91
Sanitizing sprayer July 92
Stabilizer May 34
Steaks created ike fine filet Dec. 33
Sterilizers
Air sterilizer has 99.9% bacteria kill rate Nov. 156
Air sterilizer Nov. 85
Sterilizing system Oct. 106
Stockpicker Feb. 117
SST Stock Selector Feb. 119
Storage unit Nov. 149
Strapping
High-strength strap Jan. 119
Strapper Feb. 111
Stainless Strapper Nov. 137
Strapping has increased tensile strength Nov. 138
Straps cases at 18 per min May 79
Stuffing-Mix line Oct. 43
Sugar
Sugar from beets . . . (Havighorst) Feb. 89
Bicentennial sugar Apr. 41
Brown Sugar Apr. 45
Stainles prevents corrosion in sugar-making Jan. 92
Sugar Outlook Nov. 23
Sugar Recovery System Jan. 117*
Sugar replacer Dec. 40
Sugar silos Apr. 59
Sugar substitute March 35
Sunflower seeds May 29
Swedish Processor March 82
Switches
Explosion-proof switches Dec. 123
Level control switches Feb. 121
Pressure switch Oct. 128

T

Tanks
Liquid food tank Oct. 134
Steel tanks Dec. 119
Storage tanks Nov. 85
Tank Trailer Nov. 118
Tape
Tape can be used as reinforcer Nov. 146
Transfer tape July 94
Taper designed for low-volume plants Apr. 126
Temperature controllers
Temperature controllers Dec. 111
Temp. dots signal May 156
Tenderizers
Large-scale tenderizer May 114
System tenderizes 5000 lb/hr Feb. 109
Terminal withstands hot & humid conditions June 116
Testers
Tests for dissolved particles June 116
Milk testers Nov. 124
Tetra-Pak introduces new (portion pak) system Oct. 52
Thermal Treatment improves sour milk products . . . (Slater) May 72*
Thermocouples
Thermocouple scanning Jan. 124
Thermocouples have mineral insulation June 88
Thermometer for soft solid foods Oct. 125
Tilter unloads bulk containers Dec. 118
Titrator uses disposable cartridges Nov. 127
